II. SAR CAPACITIES AND MINIMUM QUALIFICATION REQUIREMENTS

SAR capacities in which members may serve, and the minimum qualifications for service in each specific capacity, are outlined below. Members may qualify to serve in any/all capacities.

- Basic – Section II.A.
- Ground – Section II.B.
- OHV – Section II.C.
- Mounted – Section II.D.
- Mutual Aid Service - In addition to the above, NIMS compliance in the form of completed IS-100.a and IS-700.a training courses.

Independently certified or credentialed training (i.e., OES, CPR, First Aid, etc.) approved during the course of a general meeting (or by a majority of Officers, in the event of time constraints) shall be reimbursed up to a maximum of \$100.00 per active member for actual registration fees and/or lodging costs, so long as the funds are available and the expense will not adversely affect the Organization's ability to continue business as usual and/or meet annual commitments. Reimbursement will be made upon receipt of proof of payment and certificate of completion. With the exception of independently certified or credentialed training, all other trainings must be overseen by a minimum of two (2) Officers and/or members of the *Training and Qualification Committee*.

A. BASIC TRAINING AND QUALIFICATION

All members must qualify every two years to serve in an official SAR capacity. Current qualification standards are listed below. All members must successfully complete

- | | |
|-------------------------------------|--|
| 1. a certified CPR course*; | 3. radio communications training; and, |
| 2. an accredited first-aid course*; | 4. map/compass training. |

* CPR and First-Aid courses, including refresher courses, to be completed per American Red Cross timelines.

B. GROUND TRAINING AND QUALIFICATION

Ground members must qualify every two years to serve in an official SAR capacity. Current qualification standards are listed below. Ground members must successfully complete

1. Basic Training and Qualification (Section II.A);
2. a two (2) mile walk;
3. basic survival training;
4. basic evidence training; and,
5. participate in rope handling; and,
6. participate in patient packaging exercises.

C. OHV TRAINING AND QUALIFICATION

OHV members must qualify every two years to operate an OHV in an official SAR capacity. Current qualification standards are listed below. OHV members must

1. Successfully complete Basic and Ground Training Qualification (Sections II.A & II.B);
2. Possess proper safety equipment (helmet with safety shield, or helmet and safety goggles, gloves and suitable boots);
3. Demonstrate safe control in all general situations; and,
4. Pass each section of a qualifying course as set by the Training Officer; including, but not limited to

- | | |
|---|---|
| a. loading/strapping and unloading; | d. backing uphill and downhill; |
| b. riding flat straight and in turns both forwards and backwards; | e. traversing slopes and uneven terrain; |
| c. riding uphill and downhill; | f. traversing water, sand and mud; and, |
| | g. traversing obstacles (timber, rocks, etc.); and, |
| | h. self and assisted extracting. |

D. EQUINE TRAINING AND QUALIFICATION

Horses/mules (no stallions allowed) must be a minimum of three (3) years of age and be qualified every two years by the mounted member who will use them in an official SAR capacity. Any horse or mule exhibiting habitual aggressive and/or unstable behavior, such as kicking, biting and/or striking, is not acceptable for use in an official SAR capacity.

Members planning to use another member's horse instead of, or in addition to, their own, must qualify as a team with that specific animal.

Current qualification standards are listed below. Mounted members/horses/mules must

1. Successfully complete Basic and Ground Training Qualification (Sections II.A & II.B);
2. Demonstrate safe control in all general situations;
3. Finish a ten (10) mile ride within the maximum allowable time;
4. Successfully complete "Leap Frog" field training; and,
5. Pass each section of a qualifying course as set by the Training Officer; including, but not limited to

<ol style="list-style-type: none">a. tie safely out of sight of other horses;b. load and unload in various trailer types;c. mount and dismount from left and right;d. open, pass through, and close a gate;e. walk over a bridge;f. travel through water;g. travel over a large and/or tall obstacle;h. back through a designated obstacle;i. pull a designated item (tire, log, etc.) both frontwards and backwards;	<ol style="list-style-type: none">j. leave a group of mounted members at a lope and return at a walk;k. approach, pick up, handle and return items (maps, slickers, etc.) to and from various locations while mounted;l. "pony" another horse and be "ponied" by another horse;m. demonstrate reasonable, controlled tolerance of loud, abrupt noises; and,n. demonstrate reasonable, controlled tolerance of OHVs.
---	---

6. Horse/mule/member teams, having fully qualified for eight (8) consecutive years, may petition for permanent qualification status to be voted on by the current Organization Officers and Training and Qualification Committee.

E. PARADE AND EVENT PARTICIPATION

Participation in any parade or event with an equine or OHV requires full SAR qualification (equines must also pass a flag carry/exposure test). Participation is also subject to approval of the Captain and a minimum of two (2) additional Officers and/or *Training and Qualification Committee* Members.

F. ALTERNATE RE-QUALIFICATIONS

Members who earn full qualification in a specific SAR capacity (Basic, Ground, OHV or Mounted) are subsequently eligible to earn "re-qualifications" during search and rescue call outs, subject to approval by a minimum of two (2) Officers and/or members of the *Training and Qualification Committee*.

"Re-qualifications" may also be earned during other organized activities, such as trail rides, walks, community events, etc. subject to approval of a minimum of two (2) Officers and/or members of the *Training and Qualification Committee*.

III. SAR EQUIPMENT/RESPONSE REQUIREMENTS

All members serving in an official SAR capacity will have prepared and ready for response a *SAR Basic Pack* (with complete Personal First Aid Kit). Additional packs and pack items are required on an “as needed” basis as outlined.
